

Ray Robinson

Independent Candidate for Councillor – Ward 1

MEDIA RELEASE

Robinson says:

“Cycle-walkway proposal has wheels & feet firmly on path ready to wheel out”.

Greg Petty, a Lord Mayoral Candidate announced today that Ray Robinson, an Independent Councillor candidate for Ward One, had been planning and networking for the development of a cycle-walkway from Towradgi Beach to the Corrimal Town Centre. This project was first mooted in a submission to the Corrimal Town Centre Revitalization Strategy in 2009.

The proposed cycle-walkway follows the southern bank of Towradgi Creek from the Cycleway at Towradgi Beach west to an underpass under the railway bridge and then follows a northern arm through the southern edge of Ziems Park and terminates at the Princes Highway near the Shopping Centre.

“I have written to Council and a number of service clubs and a member of the Illawarra Bicycling Users Group (IBUG) has inspected the route. Neighbourly Committee Four also supports the proposal” Ray said.

Given that Wollongong has not included East – West funding of cycleways in its next three year budget, Ray is hoping to make this a community project soliciting grants and corporate support.

Ray stated *“Some of the funding could be allocated to training and employing youth, creating environmentally sustainable and tourist attracting infrastructure”.*

Ray and other Greg Petty Independent team members will be in Corrimal on Thursday 11 August from noon and will inspect the proposed cycle-walkway.

Ray is available for interview; contact (0466) 872 641
